COVID-19 Testing Institutional Learning Environments

## COVID-19 Testing for School Staff, Students and Athletes

**Community Diagnostics** understands the unique challenges of COVID-19 Testing in school environments. Performing testing with the least amount of disruption to busy learning schedules along with providing healthcare staff that is understanding and sensitive to young people and their concerns is one of our specialties. Testing using any one of our COVID-19 testing options can be performed smoothly and professionally... allowing teachers to teach and students to learn with confidence in their learning environment.

## COVID-19 Testing for Events

COVID-19 TESTING FOR EVENTS – SIMPLIFIED

Lab-Based PCR

Rapid RT-PCR

Rapid Antigen Tests

On-site, off-site, sit-down, small event, large event... we help you design and implement your COVID-19 testing plan to help make your event a memorable one for all the right reasons. Our Community Diagnostics team is very experienced in the intricacies and importance of helping make your event a success. Our professional healthcare staff understands how to make COVID-19 testing a seamless, background process and not the main event.

Contact one of our experts for help: [parker@communitydiagnostics.com](mailto:parker@communitydiagnostics.com) or call [\(714\) 924-4382](tel:7149244382) with any questions. We understand life (and work) can be unpredictable and that the COVID-19 protocols keep changing. Be ready with your COVID-19 testing plan.

## Quiet On the Set

COVID-19 TESTING FOR THE PRODUCTION ENVIRONMENT

Lab-Based PCR

Rapid RT-PCR

Rapid Antigen Tests

**Community Diagnostics** understands each production environment has its unique needs and challenges. What does not change is the need for a professional and efficient healthcare staff to perform your COVID-19 testing plan with the expertise you need to keep your shooting schedule rolling.

Choose from several COVID-19 testing options or choose a layered approach for maximum protection. Our experts can help explain each option and implement a plan whenever and wherever needed – on or off-set. When it is time to take action, Community Diagnostics is prepared.
