WORLD CLASS MEDICAL CARE

Our Trusted Doctors

**DR. DIPAK PANDYA**

MD, FAAN

908-894-7222

With a high level of expertise, extensive training, and a compassionate approach, Dipak Pandya, MD, has established himself as a well-loved and respected physician with the team at Hunterdon Neurology, PA. Dr. Pandya is proud to bring his expertise in general neurology, clinical neurophysiology, epilepsy, and more to the communities in central New Jersey.

After obtaining his medical degree at the prestigious B.J. Medical College in Ahmedabad, India, Dr. Pandya moved to the United States to complete his residency in neurology at Temple University Hospital in Philadelphia, Pennsylvania. He then continued his training with a fellowship in clinical neurophysiology and epilepsy at Wake Forest University Baptist Medical Center in Winston-Salem, North Carolina.

Dr. Pandya has conducted research and clinical trials in areas such as epilepsy, stroke, and anoxic brain injury. His areas of special interest include sleep disorders, critical care neurophysiology, neurocritical care, stroke, neurodegenerative disorders, coma recovery, migraines, and multiple sclerosis.

Dr. Pandya is certified by the American Board of Psychiatry and Neurology. In addition, he is a member of the American Academy of Neurology, the American Epilepsy Society, the American Academy of Sleep Medicine, and the American Clinical Neurophysiology Society.

**DR. MANISH VIRADIA**

MD

908-894-7222

Manish Viradia, MD, is a board-certified neurologist at Hunterdon Neurology, PA in Flemington, New Jersey and has been serving the central New Jersey and surrounding communities since 2003. He specializes in general neurology and clinical neurophysiology.

Dr. Viradia trained at Stony Brook University Hospital in Stony Brook, New York, where he completed a neurology residency and a fellowship in clinical neurophysiology. He's board-certified by the Board of Psychiatry and Neurology.

Dr. Viradia's areas of special interest are vast, including Parkinson's disease, epilepsy, stroke, multiple sclerosis, peripheral neuropathies, migraines, vertigo and dizziness, Alzheimer's disease and other forms of dementia, and pediatric headaches and epilepsy syndromes. He's also skilled in electromyography (EMG), electroencephalography (EEG), ambulatory EEG monitoring, Botox® injections for migraines, blepharospasms, and spasticity/dystonia.

Dr. Viradia collaborates with pain management and spinal specialists to help those experiencing complex neurological conditions. Through careful examination, expert diagnosis, and individually tailored treatment plans, Dr. Viradia has helped many patients regain their quality of life.
