

Nicki Huggins re-issues modern American outdoor furniture from the eras 1930-1960. We believe in the power of design and by making these pieces again, sustainably, and suitable for outdoors or in, their stories will not be forgotten. The collection also includes new, but timeless modernist designs that are Made in the USA.

INTRODUCING

The R6 (Six Radii)

Re-issued and updated California outdoor chair circa 1935, Los Angeles, CA

Formed from six different bends, the R6 combines the best of modern principals with the industrial ambition of the Machine Age. And, the R6 is not just sensuous, it's sustainably Made In The USA, to let outside or to love inside.

The R6 outdoor/indoor chair features:

- 14 gauge stainless steel tubing electropolished for maximum durability
- P-FAS free ergonomically channeled outdoor upholstery
- Customizable

nh

Our Brand

Inspired by the relaxed California outdoor lifestyle, and positioned at the point where history meets the moment we're in, Nicki Huggins furniture merges function with integrity of materials, and meaning with sustainability. The Nicki Huggins brand is built on a legacy of craftsmanship and enduring design. We are passionate about developing cutting edge designs and proud to renew iconic gems from American design heritage.
