

Advanced Training Courses for Law Enforcement Officers

Advance Your Career • Become an Expert • Save Lives

Most law enforcement officers are frustrated by a lack of high-quality training classes. Our expert instructors teach advanced courses that help officers advance their careers, become experts and save lives.

What makes our training courses so different?

No dreaded "Death by
Powerpoint"

We only use instructors who
are both subject matter
experts and EXPERT instructors

We present modern,
evidence-based courses.

Our Course Offerings

for Public Safety

Field Training Officer Update

Use of Force for Field Supervisors

Training and Experience, that's what it's all about. We've created modern training courses that are designed to skyrocket your skills and confidence.

Fun and Engaging

These aren't those outdated and boring courses you find elsewhere. No "Death by Power Point" here!

Modern and State of the Art

We show you not only the industry-standard concepts but also the new, cutting-edge strategies you need to know.

You are the Hero in this Story

Our instructors are obsessed with helping you achieve your professional goals. You're the hero, we're just here to be the guide.

Students Are Saying:

RESPONSE TACTICS FOR CRITICAL INCIDENTS AND IN-PROGRESS CRIMES

"I was frustrated seeing call after call not handled with the care it needed. I am positive more officers would still be alive right now, including my partner who was killed, had more agencies sent their officers and supervisors to this training."

- Detective Brian Wilson, Stanislaus County Sheriff's Department (CA)
